

BYE BYE MEAT!

On the 19th October Susan , member of MFM (meat free Monday) came to Barham primary school and informed us that our school is starting a new scheme MFM.

Susan randomly selected 3 pupils and asked them what's your favorite meal a pupil replied

"I enjoy eating a hamburger, chips and chicken nuggets", Susan Verbally transformed his meal from meat into meat free by telling the pupil

"To maybe if you use corn instead of ham and replaced your nuggets with a juicy bag of fruit"

Afterwards Susan recited a song she made which came under the beat WE WILL WE WILL ROCK YOU! however instead of singing that it went like this MEAT FREE MEAT FREE MONDAY!

After singing with our magnificent vocal voice Susan left and school was dismissed.

After the half term I thought it was a another, ordinary, educated day at Barham primary school when there was surprise for the school that seemed to be under my nose, I didn't seem to think that it was MFM. Lunch came by in a blink of an eye. I was curious because in front of my very own eyes I noticed that there was c, photographers, chefs etc. I had absolutely no idea what was going on son I asked my friend Jack curiously "Hey Jack why are all these people here?"

"Meat free Monday takes place each Monday" Jack answered

I immediately straightened my hair and pushed my stripy tie towards my neck incase the photographers took a picture or I was interviewed. Smartly with my back straight I took a seat in our spotless dining hall along with my nifty friends before I could dig into my home made and scrumptious lunch I was surprisingly stopped by an interviewer

"What's your name son?" he asked

" Zak" I answered shyly

"Zak, what do you think of meat free Monday? "

"I am pleased that people our trying to make barham a healthier school not that it ready is!" I answered loudly because of everyone's" conversation

"Thank you zak for your time" he said

The menu for lunch was:

After I had my Vegetar-

Choice one Vegetarian sausages
mash potatoes

Choice two sweet potatoes & lent

vegetables Baked beans
Leeks and peppers

Desert Fresh fruit salad

ian sausages with mash potatoes with leeks and peppers and fresh fruit salad I left to go to class assembly with my class once everyone had finished and I saw Susan, a teenage girl with pink hair band and a Jamaican man with a insane black hat the size of a human arm for the second time today I was curious who the man and the girl where.

Susan started the assembly with a nice warm welcome

"Good morning students, some of you may be wondering who is the man with the big hat, well he is Leroy who has a little rap for us but for now I would like to ask you a question can someone put their hand up and give me feedback of MFM,?" asked Susan

"I loved my meal today, however I think it was a teeny bit dry" Answered the pupil

"Thank you for your opinion now can I have a show of hands of who enjoyed
